Making a Facebook Account

Self Advocates Coalition of Kansas

Open the Internet

- ❖ First open the internet by clicking on [Internet Explorer](#), [Mozilla Firefox](#), or [Safari](#).

Finding the Facebook Homepage

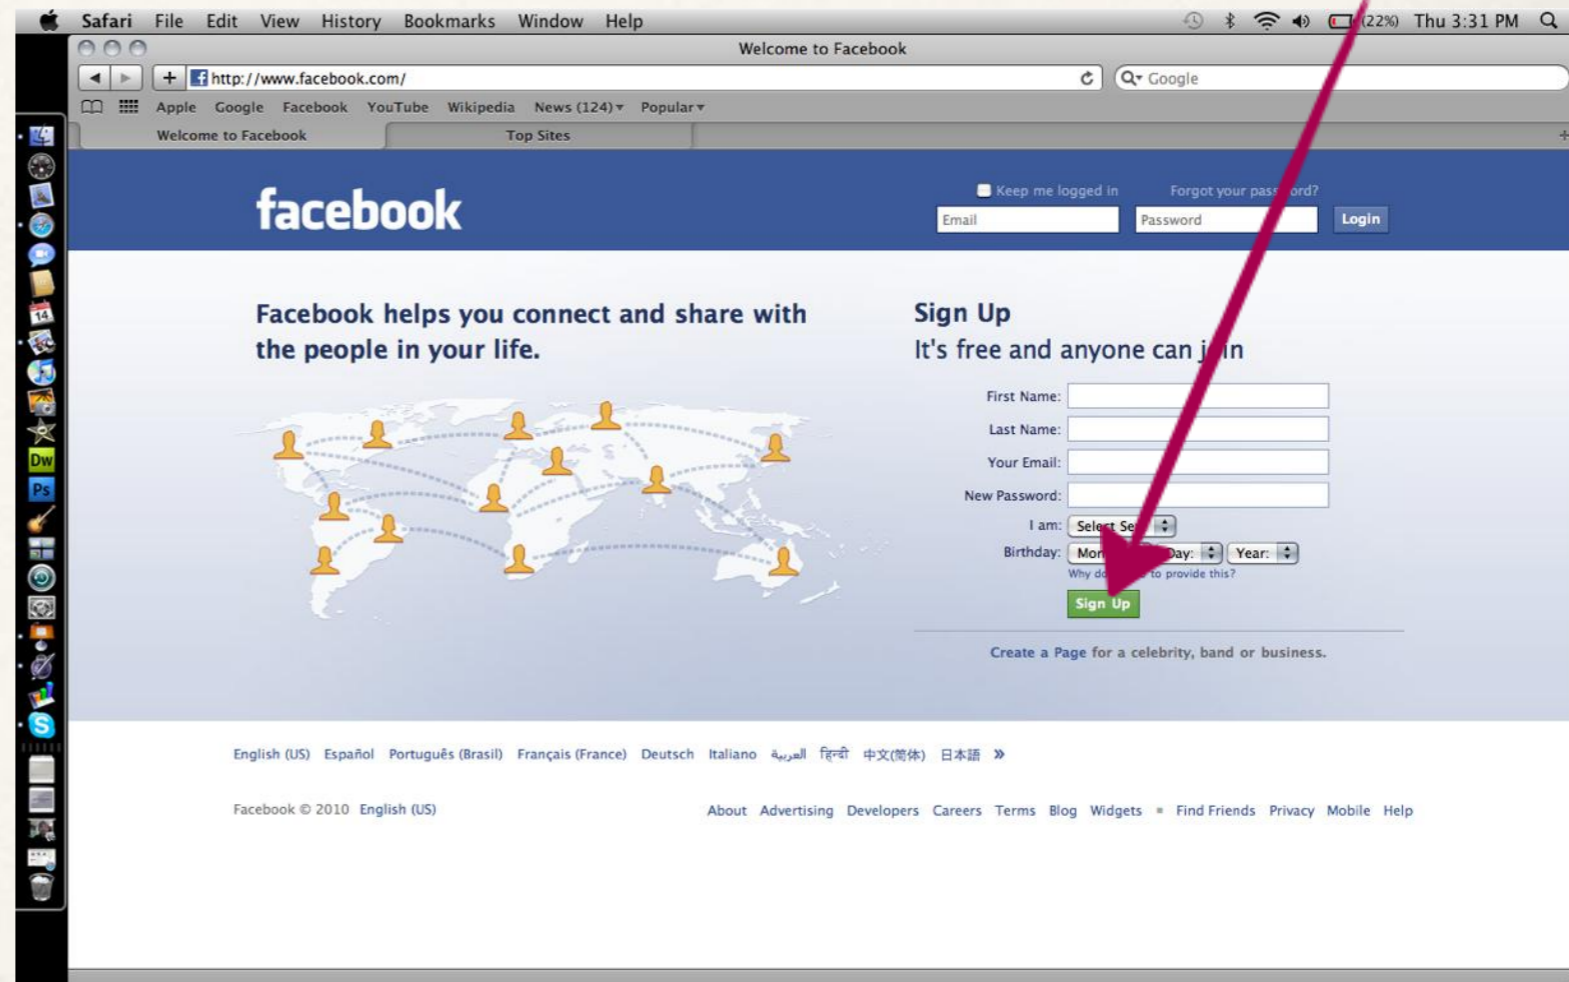

- ❖ Once the internet has opened, click the address bar.
- ❖ The Address bar is the longest white bar at the top of your internet window
- ❖ After you click the address bar start typing this: facebook.com
- ❖ Press Enter on your keyboard
- ❖ After you have pressed enter the facebook homepage will load

Begin Setup

When you arrive at the facebook home page you can see a **Sign Up** section on the right side.

Go to it and fill out your first and last name. Give your e-mail address and create an easy to remember password for **your facebook account**.

Select a sex, give your birthdate and then click the **green sign up button**.

Finish Filling Out

-You will have to type in randomly chosen words and numbers into a box as a **security check**.

This proves to facebook that you are a real person intending to make a genuine account - not a real person making an account to spam other users.

If you find it difficult to get the correct combination of letters and numbers ask for help :)

Finish Filling Out

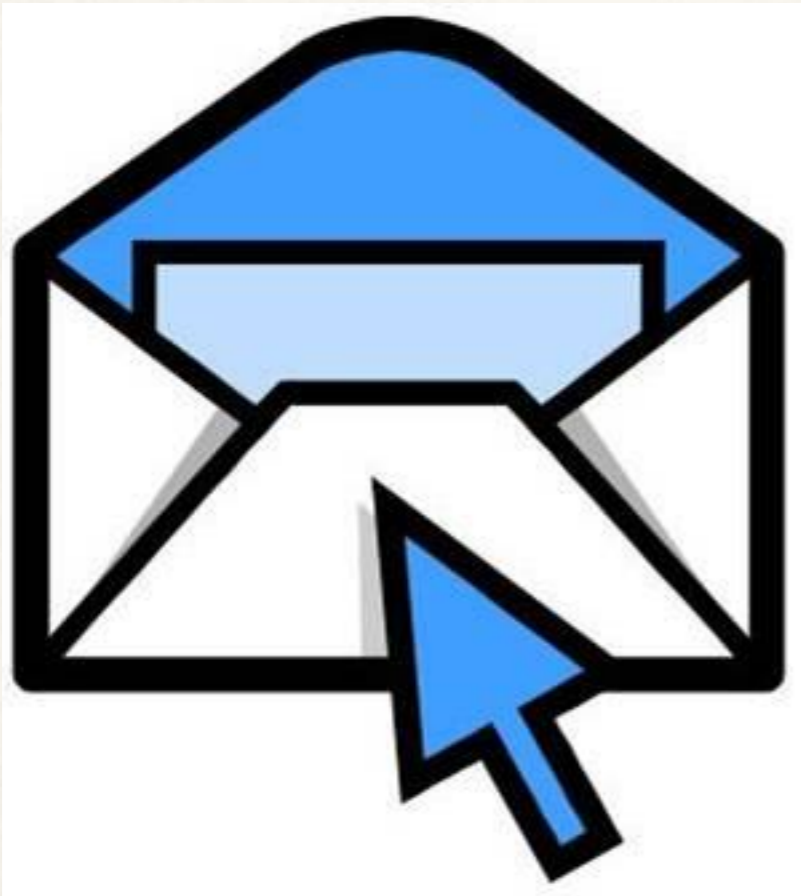

-Now you will check a box saying that you understand and agree to the terms of use and privacy policy.

-“[Terms of Use](#)” and “[Privacy Policy](#)” should be highlighted and you can click on them if you wish to read the whole thing.

-Click the "[Sign up now!](#)" button when you have finished the form.

Finish Filling Out

- Log into the e-mail account that you gave to facebook during the sign up process.

-You will get a [confirmation email](#) from facebook. Facebook sends this email to confirm your registration as well as making sure that the e-mail account you gave to facebook is actually yours.

-When you get the email, [click on the link](#) in the email to confirm that you registered for a Facebook account.

You're Finished!

You are finished creating your facebook account! In the next Presentation you will learn how to [connect with family and friends](#) on facebook!
